

## OFFSHORE EXPRESS Vessel Management System

### Integrate your vessels with your shore operations with our value-priced solution

Getting timely vessel information has long been the top communications challenge for offshore fleet managers. Boatrac's Offshore Express gives you a complete wireless information solution to help your operations run smoothly. With Offshore Express, you can eliminate delays in getting the daily master's logs that can impact billing and customer satisfaction, for example. Minimize vessel downtime at dockside by having supplies ready and maintenance/repair set to go.

#### **We're here for you 24/7/365**

As with all Boatrac's products, Offshore Express is backed by the industry's only 24-hour Network Operations Center. Our customer service professionals are always ready to help you, 365 days a year. Plus, your valuable vessel data is secure: we process over 3 million transactions per year.

Offshore

#### **Offshore Express includes:**

**Hourly positioning data:** Latitude/longitude readings automatically transmitted to shore.

**Easy-to-use forms:** Ship captains simply tab to the desired fields and fill in the blanks. Offshore Express does the rest.

**Master's logs and morning reports:** Record routine vessel activities including loading, discharging, cargo, and fuel transfers, and transmit to shore office.

**Safety reports:** Capture essential records of accidents, incidents, and required safety meetings as they occur, for immediate transmission to shore management.

**Workboat requisitions:** Make sure that needed parts, supplies, and activities are ready when vessel docks by transmitting maintenance and repair needs and supply orders to shore.

**Coast Guard reports:** Expedite compliance by entering data into USCG-approved standard forms.

## With Offshore Express, you can:

**Capture data at the source:** Simple data-entry forms make it easy for captains and crew to enter records as they occur and send to shore offices.

**Bill promptly:** Eliminate delayed billing cycles with real-time vessel logs.

**Satisfy customers:** Improve customer service by providing timely, accurate reports and invoices.

**Increase revenue:** Now you can accept the last-minute jobs that used to go to competitors, because Offshore Express lets you locate your vessels immediately and send change orders.

**Get the facts:** Capture safety/incident reports when they happen and transmit to shore.

**Improve accuracy:** Eliminate data re-keying errors by transferring vessel information directly into your custom reports.

## Master's Logs and Morning Reports
